

Southern New England Junior Leadership Development Academy August 14 – 17, 2021

The goal of these camps is to prepare trainees for a gradual, ever increasing role of leadership in their local outpost. They will receive specialized training based on their camp selection. In all camps, trainees will learn how to work as a team to accomplish the assigned tasks. It is typical that a young man will experience a deeper, more meaningful relationship with Jesus Christ during his training at Academy. He will learn things about himself and what he needs to do to follow the Lord's leading in his life. Boys attending Academy will bring back to their outpost, a higher standard of excellence that will become infectious. Our staff is looking to equip the next generation of Christ-like men, and to empower lifelong servant leaders.
